

13 - LANGUAGE IDX WEB SITE TO ALL MISSOURI REALTORS®

FREE

courtesy of the Missouri Association of REALTORS®

You save \$399/yr + \$299 setup = \$698

Featured Properties

Your listings will be shown in a separate tab "Featured Properties" as well as in the general IDX data pool. This allows you to give an extra emphasis to your listings, while still providing access to the larger IDX search.

Your own www address

You can choose to have your web site address as a sub domain of Immobil or use your custom domain name. You can purchase a new domain through Immobil or use the one you already have (minimal domain registration and transfer fees apply).

Every page will be branded

Your name, photo and contact information will appear on every page.

Your Office Listings

Your company listings can be shown in a separate tab "Our Office Listings" as well as in the general IDX data pool.

Flags bar for your other site

To enhance your current web site with multi-lingual solution, add country flags linking to listings on your Immobil web site in visitor's language.

Multiple photos & virtual tours

Images and virtual tours will be displayed with listings.

Email listing to a Friend

Email full color listing flyer to your clients framed in your web site with contact information to you.

Email alerts

Registered clients can save search criteria, easily edit it and receive daily updates of new properties that match their criteria in the language of their choice.

Choice of different web site templates

Different layouts and colors available to choose from. You can change your web site design at any time.
